## Property Services

### Key holding

Our Key Holding service enables us to hold a set of your keys in the event they are needed locally. This service offers property owners the peace of mind that, should the need arise, the property can be accessed at any time.

There are two services, namely 'Key Holder' and 'Key Holder Plus'. Both of these services require the owner to deposit keys with Valet d'Anniviers. If the property is for the sole use of the owners, one set of keys is required, however if guests of the owner will be using the property and collecting keys from us, we will require 2 sets of keys (1 set for us and 1 set for your clients / guests). We can arrange to have additional keys cut if required.

The **Key Holder** service is our basic service, where we simply hold a key on your behalf. Any further services required thereafter are chargeable at our published rates.

The **Key Holder Plus** service is our premium service and includes the following within the annual fee:

- Monthly property check (normally CHF 25 per month / CHF 250 per annum)
- Annual property review and maintenance report (normally CHF 280 – CHF 590)
- Heating turned on and off prior and post property visits (normally CHF 25 per visit)
- Minimum heating kept on throughout winter, and checked monthly (usually from October / November through to April / May) (normally CHF 75)
- Changeover services (normally CHF 50 per visit )
- The Valet d'Anniviers Information file. This file, which is updated twice a year, contains a comprehensive range of information (normally CHF 100)

**Cost of service** Key Holding : CHF 300 per annum  
Key Holding Plus : CHF 750 per annum

### Laundry

Our laundry services are tailor-made to your requirements and are priced on a per head basis. So if you require all of your bed linen, towels and bath mats to be laundered after your guests leave, that is what we will do. All fresh linen will be returned to your property, ready for future use.

To eliminate the possibility of guests arriving before the laundry is finished, it is a policy of Valet d'Anniviers that clients must have at least 2 full sets of laundry.

## Valet d'Anniviers

Property Management  
& Concierge Services

Our Laundry services are only available to **Key Holding** clients and are not available to guests that have booked their stay in the property through a local letting agent.

**Cost of service** – individually priced for each client, depending on a pre-agreed number of items. However, as a guide, on average our clients pay between CHF 17.50 and CHF 22.50 per person per visit for their laundry costs. If ironing is required, there is an additional charge of CHF 7.50 per person.

Bespoke laundry and dry cleaning services are available and are all priced per job. These include the following;

- Curtains
- Mattress and pillow protectors
- Upholstery
- Duvets and pillows
- Clothes

## Cleaning

We will ensure that your property is cleaned after you or your guests leave. Cleaning is priced on an individual property basis, however to ensure that our clients know exactly where they stand, you will be billed a pre-agreed amount per clean. This will not vary for 12 months.

Let's say your 2 bed apartment is priced at taking 2.5 hours to clean, then that is what you will be billed for each clean, regardless of whether our cleaners took 15 minutes more or 15 minutes less. We work on the basis that across all cleans for your property, there is an average amount of time spent. That is what we charge. This is reviewed annually.

We do ask however that guests try and leave the property as they found it.

Our Cleaning Services are only available to Key Holding clients and are not available to guests that have booked their stay in the property through a local letting agent.

**Cost of this service:** CHF40 per hour.

## Changeover Services

This service is designed for those property owners who wish their property to be prepared before their guests arrival and who wish their guests to have a local contact in the resort during their stay. This service is designed for those property owners who keep their property for private usage only, or who choose to let their properties privately i.e. not through a local letting agent.

## Valet d'Anniviers

Property Management  
& Concierge Services

Property owners need to subscribe to our [Key Holder](#) or [Key Holder Plus](#) service to be able to use our Changeover Services.

If a property remains empty for a significant period of time before your clients arrive, we may have to carry out additional cleaning before your guests arrive. Should more than 2 hours of cleaning be required, permission from the owner will be sought from the owner prior to cleaning.

Our Changeover Services ensure that guests staying at the owners property have the following :

- keys handed over upon arrival
- an explanation of the property if required (eg where to store skis)
- a clean property (see [cleaning services](#) for prices)
- beds made (see [bed making services](#) for prices)
- fresh towels laid out (see [laundry services](#) for prices)
- heating turned on (in winter)
- key appliances (dishwasher, cooker etc) in working order
- toilet roll in each WC
- soap in each bathroom
- new bin liner in the kitchen
- a Valet d'Anniviers contact number in case of emergencies
- our weekly information sheet

A more detailed explanation of our services can be found in the [Changeover Services](#) section of this website.

### Cost of service –

For Key Holder clients – CHF 50 per changeover plus additional costs for bed making, cleaning and laundry  
For Key Holder Plus clients – no charge for changeover services (additional charge for bed making, cleaning and laundry).

### Exterior Services

Property owners know that there are many things that need to be taken care of outside of the property. Our Exterior Services look after your needs. The services are available to purchase either by the hour, or can be tailor-made to suit your requirements. So, if you would like your lawn mowed and plants weeded as much as is needed during the summer, or your snow cleared away during the winter, you can either agree a fixed amount for the year or pay by the hour.

Our exterior services include:

## Valet d'Anniviers

Property Management  
& Concierge Services

- Mowing and attending to the lawn
- Gardening
- Hot tub and sauna management
- Swimming pool management
- Garden furniture varnishing
- Putting away / getting out winter / summer garden equipment
- BBQ maintenance, servicing, cleaning and gas refills
- Tree wiring (before the snow arrives)
- Snow clearing
- Wood / logs delivery and stacking (priced per stere plus delivery / stacking)
- Handyman services

**Cost of service** - CHF60 per hour or fixed price for seasonal / annual contract

### Heating

Heating turned on / up – if you are coming to stay or have friends who will be visiting and your property has been vacant for a while, it would be preferable if the heating is turned on a day or two in advance to ensure a nice warm reception on arrival. Even if you do not require any other changeover services, we can take care of ensuring the heating is turned on before arrival and turned off after departure.

**Cost of service** - CHF 25 for key holding clients (complimentary if you are a [Key Holder Plus](#) client)

### Minimum heating on during winter

To avoid any potential issues with frozen or burst pipes we recommend keeping heating on at a very low level during the winter months. This service provides the switching on of your heating to a low level before the start of the season – around end of October / early November (however, being on hand in the resort means if we get an unexpected cold snap we can adjust the date accordingly). We will then carry out a brief monthly check to ensure the heating is still on as required. This service lasts throughout the cold months, until April / May

**Cost of service** - CHF 75 per year for key holding clients (complimentary if you are a [Key Holder Plus](#) client)

### Monthly Property Visits

For those owners who are not able to visit their property frequently and would like the peace of mind that someone is keeping an eye on it, we can offer our monthly property check service. This service provides both a visual external and internal check of your property.

## Valet d'Anniviers

Property Management  
& Concierge Services

Any issues can then be dealt with immediately if necessary (eg a tap left on), or reported back to you for your desired action – eg mould in the shower room.

**Cost of service** - CHF 25 per visit, (or 250 CHF for 12 visits in one year) for key holding clients (complimentary if you are a [Key Holder Plus](#) client)

### Annual Property Review

For those owners who have not visited their property for some time or those who just prefer to have someone carry out an independent review of the property and its contents, the Annual Property Review is for you. We carry out a thorough review of the property and its appliances and report our findings in a detailed report, which will include details of any preventative or repair work that needs doing.

Our review checks that the following appliances are fully functional :

- Boiler, radiators, hot water and heating
- Lights
- Cooker, fridge, freezer, dishwasher, microwave
- Washing machine, tumble drier
- Extractor fans
- TV, DVD, video, music system
- Internet connection
- Other electrical appliances e.g. kettle, toaster etc
- Outside appliances
- Other appliances as agreed with the owner

Our review also checks and reports on the condition of the following :

- Garden, terrace and balcony
- Garage, drive, parking place and outbuildings
- Interior decoration
- Kitchen
- Living area
- Bedrooms
- Hallways and landings
- Showers and bathrooms
- WC's
- Storage areas
- Chimney
- Other specific areas as agreed with the client
